If you encounter any problems with this program, please contact the Knox County Health Department at 865-215-5200 or by email at ehtraining@knoxcounty.org.

3) Your Local Health Department

Try **YOUR LOCAL** health department to see if they are teaching a food safety class. Most health department classes provide information about storage, hand washing, proper dating and labeling, understanding what dates on product mean, cross contamination, temperatures, (refrigeration and freezer) etc.

They will also teach you about cooking foods to the proper temperatures and how long to hold foods at proper temperatures, etc.

Once you or someone with your agency has completed a class, you will receive a Food Safety Certificate. Please send me a copy of each certificate. The certificate should have the person's **name and the agency that they are associated with.**

4) In-person at Second Harvest.

Last Thursday of every month, 9:00am-11:30pm. Email your Agency Relations Coordinator to save your spot.
