INDEPENDENT AUDITORS' REPORT

The Board of Directors
Second Harvest Food Bank of East Tennessee:

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Second Harvest Food Bank of East Tennessee (the "Organization"), which comprise the statements of financial position as of June 30, 2023 and 2022, and the related statements of activities and changes in net assets, cash flows and functional expenses for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of June 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal and state awards and related notes on pages 20 through 22, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of expenditures of federal and state awards and related notes are fairly stated in all material respects in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the financial statements. The other information comprises the Roster of Board of Directors and Executive Staff on page 1, but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information and, accordingly, we do not express an opinion or provide any assurance on that information.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 8, 2023, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

SECOND HARVEST FOOD BANK OF EAST TENNESSEE

Notes to the Financial Statements

June 30, 2023 and 2022

(1) Nature of activities

Second Harvest Food Bank of East Tennessee ("Second Harvest"), was incorporated in July 1981 and is certified as a member of Feeding America.

Second Harvest, located in Maryville, Tennessee, is a non-profit service organization dedicated to alleviating hunger in the community. Its primary commitment to the surrounding eighteen counties of East Tennessee is to provide and distribute food to those agencies who feed the hungry. Second Harvest receives contributions of surplus or salvage food from national and local food producers and United States Department of Agriculture ("USDA") food products from the Tennessee Department of Agriculture, and distributes these products to certified charitable organizations such as church sponsored pantries that provide emergency food baskets, programs for disadvantaged children, programs for the handicapped, low income day care centers, and homeless shelters. Second Harvest also operates a Food Rescue program where donated food is picked up from area grocery stores and restaurants and distributed to local distribution programs.

(2) Summary of significant accounting policies

(a) Basis of presentation

The Organization reports information regarding its financial position and activities based on the existence or absence of donor or grantor imposed restrictions. Net assets of the Organization are presented as follows:

Net Assets Without Donor Restrictions - Net assets available for use in general operations and not subject to donor or grantor imposed restrictions.

Net Assets With Donor Restrictions - Net assets subject to donor or grantor imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Contributions received are recorded as without donor restrictions or with donor restrictions depending on the existence and/or nature of any donor restrictions.

SECOND HARVEST FOOD BANK OF EAST TENNESSEE

Notes to the Financial Statements

June 30, 2023 and 2022

(b) Accounts receivable

Second Harvest sells purchased food and supplies to their partner agencies at cost. Accounts receivable are reported at gross sales price less any applicable payments or adjustments. Second Harvest extends trade credit based on evaluation of those agencies' financial condition and, generally, does not require collateral. Second Harvest does not charge interest on past due accounts.

Second Harvest estimates an allowance for doubtful accounts on trade accounts receivable, which may not be fully collectible, based on its knowledge of partner agencies' individual credit circumstances, the historical loss experience and current economic conditions. Accounts determined to be uncollectible are charged off against the allowance in the period of determination. There were no charge offs for the years ended June 30, 2023 or 2022.

Accounts receivable are deemed to be fully collectible by management, and no allowance for doubtful accounts is considered necessary at June 30, 2023 or 2022.

(c) Investments

Investments in marketable equity securities with readily determinable fair values and all investments in debt securities are shown at their fair values in the statement of financial position. Investment income (loss) shown in the statement of activities and changes in net assets includes realized and unrealized gains and losses, net of investment expenses. Investment return is reported in the period earned as an increase in net assets without donor restrictions unless the use of the assets received is limited by donor-imposed restrictions. Investment return that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restrictions are met or expire in the year in which the income is recognized. All other donor-restricted investment return is reported as an increase in net assets with donor restrictions depending on the nature of the restrictions.

(d) Products held for distribution

Products held for distribution include donated inventory, purchased inventory, program inventory, and undistributed USDA commodities and consists primarily of assorted food, beverages, and condiments ("food"). Donated food received from food drives, food companies, grocery stores and Feeding America is valued at \$1.93 per pound for 2023 and \$1.92 per pound for 2022, which represents the estimated average market value of the food at the date of the gift based on a study commissioned by Feeding America. Purchased and program inventory is reported at cost. USDA inventory is valued at \$1.93 and \$1.92 using the price established by Feeding America for 2023 and 2022, respectively.

SECOND HARVEST FOOD BANK OF EAST TENNESSEE

Notes to the Financial Statements

June 30, 2023 and 2022

(e) Property and equipment

Property and equipment are reported at cost or, in the case of contributed property, at the estimated fair value at the date of receipt. It is Second Harvest's policy to capitalize property and equipment expenditures with a useful life of greater than one year and a cost in excess of \$2,500. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, which range from three to thirty-nine years.

(f) Contributions and support

Contributions are recorded as support when cash or other assets are received. Contributed food and other products for distribution are recorded as support at their estimated average market value on the date of receipt. Contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

Gifts of cash and other assets that are designated for future periods or restricted by the donor for specific purposes are reported as support with donor restrictions. When a donor restriction expires, that is when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Contributions of property and equipment and other long-lived assets with explicit restrictions that specify how the assets are to be used, including cash contributed to acquire such assets, are recorded as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the expiration of donor restrictions is reported when the donated or acquired assets are placed in service.

In-kind contributions are recorded based on their estimated fair value at the date of donation.

Distribution fees are recognized upon transfer of control, title and risk of loss, which is generally upon the product being picked up by the customer.

(g) Functional expense allocation

The costs to provide programs and services are summarized on a functional basis in the accompanying financial statements. Accordingly, certain expenses have been allocated among the program and supporting services benefited. Costs directly related to a specific function are charged to that function. Salaries and benefits are allocated based on an analysis of employee time spent on program services and other activities. Occupancy costs are allocated based on the use of the space. Other costs are allocated based on management's best estimates.

SECOND HARVEST FOOD BANK OF EAST TENNESSEE

Notes to the Financial Statements

June 30, 2023 and 2022

(h) Income taxes

Second Harvest qualifies as a tax-exempt organization under Section 501(c)(3) of the U.S. Internal Revenue Code as a public charity. As such, no accrual for income taxes has been made in the accompanying financial statements.

An uncertain tax position is recognized as a benefit only if it is “more likely than not” that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the “more likely than not” test, no tax benefit is recorded. The Organization has no material uncertain tax positions that qualify for either recognition or disclosure in the financial statements as of June 30, 2023 and 2022.

As of June 30, 2023 and 2022, the Organization has accrued no interest and no penalties related to uncertain tax positions. It is the Organization's policy to recognize interest and/or penalties related to income tax matters in income tax expense. The Organization files a U.S. Federal informational tax return annually. The Organization is subject to routine audits under the Internal Revenue Service, and there are no audits currently in process.

(i) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported and disclosure of contingent assets and liabilities in the financial statements and accompanying notes. Although these estimates are based on management's knowledge of current events and actions they may undertake in the future, actual results could differ from those estimates.

(j) Long-lived assets

Management evaluates the recoverability of the investment in long-lived assets on an ongoing basis and recognizes any impairment in the year of determination. It is reasonably possible that relevant conditions could change in the near term and necessitate a change in management's estimate of the recoverability of these assets.

(k) Events occurring after reporting date

Second Harvest has evaluated events and transactions that occurred between June 30, 2023 and December 8, 2023 which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements. There have been no events since June 30, 2023 that require additional disclosure.

SECOND HARVEST FOOD BANK OF EAST TENNESSEE

Notes to the Financial Statements

June 30, 2023 and 2022

(3) Liquidity

A summary of the Organization's financial assets as of June 30, 2023 and 2022 available to meet cash needs for general expenditures within one year of the statement of financial position date is as follows:

	<u>2023</u>	<u>2022</u>
Cash	807,350	2,088,122
Accounts and other receivables	332,850	206,107
Grants receivable	777,968	173,324
Investments	20,055,672	18,083,390
Beneficial interest in assets held by others	<u>3,949</u>	<u>3,949</u>
Financial assets at end of year	21,977,789	20,554,892
Less assets unavailable for general expenditures within one year:		
Financial assets subject to donor restrictions	<u>(211,845)</u>	<u>(243,965)</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 21,765,944</u>	<u>\$ 20,310,927</u>

Additionally as described in Note (6), the Organization has a bank line of credit that could be made available for operations, if necessary.

(4) Assets and liabilities measured at fair value

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, fair value accounting standards establish a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity including quoted market prices in active markets for identical assets (level 1), or significant other observable inputs (level 2) and the reporting entity's own assumptions about market participant assumptions (level 3). The Organization does not have any fair value measurements using significant unobservable inputs (Level 3) as of June 30, 2023 or 2022.

(a) Financial instruments

The carrying amount of financial instruments, consisting of cash, accounts and other receivable, grants receivable, products held for distribution, other current assets, trade accounts and other payables, accrued compensation, and other current liabilities approximate their fair value due to their relatively short maturities.

SECOND HARVEST FOOD BANK OF EAST TENNESSEE

Notes to the Financial Statements

June 30, 2023 and 2022

(b) Non-financial assets

The Organization's non-financial assets, which include property and equipment, are not required to be measured at fair value on a recurring basis. However, if certain triggering events occur, or if an annual impairment test is required and the Organization is required to evaluate the non-financial instrument for impairment, a resulting asset impairment would require that the non-financial asset be recorded at the fair value. During the years ended June 30, 2023 and 2022, the Organization did not measure any non-financial assets at fair value or recognize any revenues or expenses related to changes in fair value for non-financial assets.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at June 30, 2023 and 2022.

- (i) *Mutual funds*: Valued based on the funds' reported closing net asset values of shares held by the Organization as of the last business day of the year. The mutual funds are deemed to be actively traded.
- (ii) *Common stocks*: Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Organization's assets at fair value:

Fair Value Measurements as of
June 30, 2023 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>Financial assets</u>				
Mutual Funds	6,276,491	-	-	6,276,491
Common stocks	<u>13,779,181</u>	<u>-</u>	<u>-</u>	<u>13,779,181</u>
Total financial assets	\$ <u>20,055,672</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>20,055,672</u>

Fair Value Measurements as of
June 30, 2022 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>Financial assets</u>				
Mutual Funds	6,645,121	-	-	6,645,121
Common stocks	<u>11,438,269</u>	<u>-</u>	<u>-</u>	<u>11,438,269</u>
Total financial assets	\$ <u>18,083,390</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>18,083,390</u>

SECOND HARVEST FOOD BANK OF EAST TENNESSEE

Notes to the Financial Statements

June 30, 2023 and 2022

Investment securities have the following unrealized (depreciation) appreciation in fair value by investment type as follows:

June 30, 2023

	<u>Cost</u>	<u>Fair Value</u>	<u>Unrealized (Depreciation) Appreciation</u>
Mutual Funds	\$ 6,536,346	\$ 6,276,491	\$ (259,855)
Common stocks	<u>12,995,365</u>	<u>13,779,181</u>	<u>783,816</u>
	<u>\$ 19,531,711</u>	<u>\$ 20,055,672</u>	<u>\$ 523,961</u>

June 30, 2022

	<u>Cost</u>	<u>Fair Value</u>	<u>Unrealized Appreciation</u>
Mutual Funds	\$ 6,577,138	\$ 6,645,121	\$ 67,983
Common stocks	<u>12,523,245</u>	<u>11,438,269</u>	<u>(1,084,976)</u>
	<u>\$ 19,100,383</u>	<u>\$ 18,083,390</u>	<u>\$ (1,016,993)</u>

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the consolidated statements of financial position.

(5) Products held for distribution

Products held for distribution consisted of the following at June 30, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Donated food	\$ 168,556	\$ 61,912
USDA inventory	169,253	88,750
Purchased inventory	942,193	1,222,005
Program inventory	<u>460,243</u>	<u>465,583</u>
	<u>\$ 1,740,245</u>	<u>\$ 1,838,250</u>

SECOND HARVEST FOOD BANK OF EAST TENNESSEE

Notes to the Financial Statements

June 30, 2023 and 2022

(6) Line of credit

Second Harvest has a bank line of credit, secured by a building, property and products held for distribution, in the amount of \$1,000,000 with a variable rate of interest (8.50% at June 30, 2023). The line of credit expires December 7, 2029. There was no interest incurred for the years ended June 30, 2023 and June 30, 2022. There was no outstanding balance as of June 30, 2023 and 2022.

(7) Net assets with donor restrictions

Net assets with donor restrictions are available for the following purposes at June 30, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Product distribution	\$ 798,052	\$ 616,245
Equipment	-	66,692
Food assistance	<u>67,500</u>	<u>-</u>
	<u>\$ 865,552</u>	<u>\$ 682,937</u>

(8) Employee benefits

Second Harvest has a simplified employee pension plan that covers all full-time employees who earn at least \$5,000 during any preceding years and worked at least 1,000 hours. Employee contributions to the plan are matched 100% up to 3% of each eligible employee's compensation. Retirement contribution expense was \$66,618 and \$59,969 the years ended June 30, 2023 and 2022, respectively.

(9) Donated materials and services

Second Harvest receives contributions of food from individuals, private companies, government agencies, stores, restaurants, churches, and other food banks and not-for-profit organizations for distribution. Second Harvest received \$25,388,843 and \$27,820,761 during the years ended June 30, 2023 and 2022, respectively, in contributions of food and distributed \$25,207,036 and \$30,333,822 of food (including purchased food) during the years ended June 30, 2023 and 2022, respectively.

Second Harvest received in-kind donations valued at \$219,206 and \$146,187 during the years ended June 30, 2023 and 2022, respectively. The amounts are recorded in property and equipment, event revenue, contributions, and program services based on their intended use.

SECOND HARVEST FOOD BANK OF EAST TENNESSEE

Notes to the Financial Statements

June 30, 2023 and 2022

(10) Credit risk and other concentrations

The Organization generally maintains cash on deposit at a bank in excess of federally insured amounts. The Organization has not experienced any losses in such accounts and management believes the Organization is not exposed to any significant credit risk related to cash.

(11) Beneficial interest in assets held by others

An endowment held by the East Tennessee Foundation (the "Foundation") for the benefit of Second Harvest is administered by the Foundation.

Endowment income is distributed to Second Harvest based on a spending policy. Additional disbursements may be made with seventy-five percent vote of approval from Second Harvest's Board of Directors. Second Harvest has granted the Foundation variance power, which is defined as the power to modify any restriction or condition on the distribution of funds for the specified charitable purposes or to be a specified organization if, in the sole judgment of the Foundation's board, such restrictions or conditions become, in effect unnecessary, undesirable, impracticable, incapable of fulfillment, or inconsistent with the charitable needs of the community served. Assets held by the Foundation for the benefit of Second Harvest are recorded as beneficial interest in assets held by others in the accompanying statements of financial position.

SECOND HARVEST FOOD BANK OF EAST TENNESSEE

Notes to the Schedule of Expenditures of Federal and State Awards

Year ended June 30, 2023

(1) Basis of presentation

The accompanying schedule of expenditures of federal and state awards (the "Schedule") includes award activity of Second Harvest Food Bank of East Tennessee under programs of the federal and state governments for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirement of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirement for Federal Awards* ("Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the Organization, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Organization.

(2) Summary of significant accounting policies for federal expenditures

Expenditures reported on the Schedule are reported on the accrual basis of accounting. The expenditures reported in the Schedule follow the cost principles contained in the Uniform Guidance.

(3) Indirect cost rate

The Organization has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

(4) Passed through to subrecipients

There were no awards passed through to subrecipients.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Board of Directors of
Second Harvest Food Bank of East Tennessee:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Second Harvest Food Bank of East Tennessee (the "Organization") (a nonprofit organization), which comprise the statement of financial position as of June 30, 2023, and the related statements of activities and changes in net assets, cash flows and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 8, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS* - Continued

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

LBMC, PC

Knoxville, Tennessee
December 8, 2023

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

The Board of Directors of
Second Harvest Food Bank of East Tennessee:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Second Harvest Food Bank of East Tennessee's (the "Organization") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Organization's major federal programs for the year ended June 30, 2023. The Organization's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Organization complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirement for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditors' Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirement of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Organization's federal programs.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR THE MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE - Continued**

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Organization's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR THE MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE - Continued

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditors' Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
